Marketing and Business Analytics professional with experience in data analysis and a strong business perspective. Currently working as a Business Data Analyst at DIZA Consultores Inmobiliarios, combining my marketing background with technical skills in Python, SQL, Power BI and data modelling. My goal is to keep growing in roles where marketing, business and analytics intersect, and I am open to opportunities that represent a clear next step in that direction.

EDUCATION

Master's Degree in Business Analytics (MUBA)

Oct 2025 – Jul 2026

Universidad Pontificia Comillas (ICADE) · Madrid

- Machine Learning (supervised and unsupervised), Deep Learning, Big Data and unstructured data analysis (NLP). Programming in Python, data sources and databases, and visualisation. Analytics applied to Marketing, Finance and Logistics.
- Master's thesis:** «Lead scoring system and RAG virtual assistant for student recruitment». The model prioritises the contacts most likely to convert, allowing the team to **reach almost all conversions while contacting only a third of the leads**.
- Award-winning project (1st place):** data visualisation for the charity campaign "Reyes Magos de Verdad", within the Data Visualisation module of the master. I turned the data into clear visuals to communicate the initiative's impact. Winning entry of the course competition.

Bachelor's Degree in Marketing + Diploma in Management Skills

Sep 2021 – Jun 2025

ESIC University · Madrid

- Strategic and digital marketing, with a specialisation diploma in management skills.

Creative Advertising (Erasmus exchange)

Sep 2023 – Feb 2024

Fontys Academy for the Creative Economy · Tilburg, Netherlands

- Erasmus exchange. Strategic project for Lipton Ice Tea and co-founding of Cre8 Marketing Agency.

EXPERIENCE

Business Data Analyst

Sep 2026 – Present

DIZA Consultores Inmobiliarios · Madrid

- Business analytics for a luxury real estate consultancy: tracking marketing, commercial and financial metrics, building dashboards and reports for management, and analysing the sales funnel to support decision-making.

Data Project (Comillas)

Jul 2026

Universidad Pontificia Comillas · Madrid

- Collaboration to deploy the thesis' lead scoring system and RAG assistant into production with the university's official CRM data. Responsible handling of real, confidential data.

Marketing Intern

Feb 2025 – Jul 2025

MBE (Master in Business Entrepreneurship) · Madrid

- Competitor and market research, design of recruitment campaigns and content creation for social media.
- Promotional and communication materials for entrepreneurial projects.

Co-founder

Sep 2023 – Feb 2024

Cre8 Marketing Agency · Tilburg, Netherlands

- Co-founded a marketing agency during the Erasmus exchange. Full online advertising campaign for a real client (Slijterij56): strategy, content and social media management end to end.
